## **DEFENSES**

### **First Defense**

1. Claims 1, 3, 6-9, 11, 13, and 16-19 of the 079 Patent were the subject of an inter partes review (IPR2017-00296) that resulted in a final written decision under 35 U.S.C. § 318(a). Unified Patents was the petitioner in that inter partes review. Because Texas Capital is a privy of Unified Patents and/or a privy of at least one member of Unified Patents who was a real party in interest, Texas Capital is estopped from asserting that any of those claims is invalid on any ground that the petitioner raised or reasonably could have raised during that inter partes review.
